

School subscriptions allow access for students at home, as well as in the classroom. Simply provide families with school viewer log-in details via email, newsletters or using our pre-written letter to families

Pick and choose the options that best suit your students.

Theme Based Playlists

1

Find stories relating to themes being explored in your current teaching and learning programs using our search filter on the stories page. Add relevant stories to a playlist for children and students to view at home, or create a playlist from one of our curated story lists on the homepage

Accessibility Features

Story Box Library provides audio support and closed captions for students with additional learning needs when a teacher can't be in the classroom to support them, including students with English as an Additional Language, hearing impairments, vision impairments or with specific learning disorders related to reading, such as dyslexia.

Project Inspiration

Encourage your students to use Story Box Library as inspiration for their own projects, such as:

- Undertaking a personal inquiry into one of the authors or illustrators featured on Story Box Library.
- Creating their own animation after viewing our jingle and film clip.

"The most valuable educational tool on the internet..." Louise Park.

At Home Activity Time and Classroom Ideas

Schools now have access to our At Home Activity Time. Each Activity Time is an art and/or play based activity mostly suitable for pre-school and lower primary ages. Simply download and email the PDFs to families as part of set learning tasks.

Classroom Ideas are provided as an interactive PDF providing practical discussion questions and activity ideas aligned with the content descriptions across various curriculum areas. They are based on the unique themes, story structures and language features of each story, and are designed to provide a flexible and easily accessible resource that can be adapted to suit each educator's needs.

Scroll to the bottom of each story page to find the relevant Activity Time and Classroom Ideas for each story.

Student Task Sheets

In response to COVID-19, SBL is producing Student Task Sheets that are single-page PDFs designed to be used directly by students and providing them the opportunity to view stories and complete tasks independently from home if required. Students choose from three task options that help them work towards meeting achievement standards set out in the Australian Curriculum for their year level.

The PDFs can be printed and used in the classroom or included in hard-copy student packs or they can be sent electronically to students via email or student management systems. Using the document electronically allows the use of direct links to stories and external resources to help students complete the tasks, such as graphic organiser templates. STUDENT TASK SHEETS FOR LOWER PRIMARY (Foundation, 1 & 2)

Don't know Story Box Library? Story Box Library provides access to over 300 incredible stories in a safe, online space. Sign up for a free trial here, enabling students to safely navigate and view stories in an advertisement-free digital library.*

*SBL is offering schools which are closed, or facing closure, free access to our educational resources for a period of two months in the first instance. We are committed to continuing to offer this help in the event of longer term closures. Contact us at admin@storyboxlibrary.com.au to find out more.
